

Dear Angels,

We hope everyone is staying safe and healthy.

We wish you all a Happy and Brighter 2021!

Once again, we would like to thank you from the bottom of our hearts for your support during this very difficult year. We know that it wasn't easy for everyone and we are even more grateful to still be able to count on many Angels by our side in honor of Lou.

2021 is a new year and we are counting on you. We have great projects coming up... But we will need your support to accomplish them!

You can donate directly now via <https://tierrasangels.square.site/>

This year, Tierra's Angels is celebrating its 3rd anniversary and we are so proud of everything we have accomplished so far. Celebrating the anniversary of our non-profit organization is a source of pride of course, but it also comes with a lot of sadness as we remember that four years ago, our daughter Lou passed away.

We are gathering our unstoppable energy to continue to impact as many children's lives as possible.

In 2020, despite the complicated worldwide sanitary crisis, we have been able to continue our mission :

In Watts

- As an emergency response to the COVID crisis, we delivered our first truck of food, essentials and school supplies to more than a thousand families in the Watts community, with the help of our local partner, Chapter Two.

- For Thanksgiving, we gave away 1,600 grocery bags and Turkeys to families.

- For Christmas, we offered more than a thousand toys, so all kids could have a present to open under the tree, like all kids deserve to have.

In Perou

We were able to maintain our sponsorship for the 40 families we are committed to support, despite the COVID crisis which made it impossible for us to hold fund-raisers.

We are also happy to report that we were able to welcome one new family into our program.

Sadly, Peru was hit pretty harshly by COVID in addition to the political instability of the country. Fortunately, better days are on the horizon, and thanks to your help and generosity we will be able to continue to support our adopted families in the Sacred Valley, and hopefully even more in 2021.

In Haiti

Like everywhere else, Haiti has been hit by COVID as Haitians were already struggling in their everyday life. They now have been having to deal with the possibility of being contaminated by COVID and/or the economic consequences of the pandemic... Fortunately, our local partners have been able to maintain the “feeding children” program they have in place in more than 800 schools so kids can still get their daily meals which are vital for their well being and growth.

We are very proud to have been able to provide them with more resources to support the “children feeding” program during these even more challenging times.

Once again, it is because of your generosity and your help that we can continue to support children in Haiti.

We would not have been able to do all this without your support. In the name of all the children, a big “thank you”!

This year, we would like to double our efforts, therefore we need to double the donations we receive!

Another few recent updates from the **Tierra's Angels** Team:

- We are super excited to announce that we are now on Facebook. You can find our latest updates, pictures, infos at www.facebook.com/tierrasangels - Like our Page and invite others to like it as well - Stay tuned for the donate button that will appear soon and the fundraising campaign to kick off!
- Another great piece of news is that starting now you will be able to support **Tierra's Angels** when you shop at Amazon simply by activating [AmazonSmile](#), at no cost to you.
- We have also welcomed new members on our Team: MAM (Marie-Astrid Michel) and Fabien Ajar as our new board members and Charlotte Voyer as our copywriter and digital expert. You can read more about our team [here](#).

Again, in memory of our daughter **Lou** and eager to provide a carefree life for as many children as possible, we count on you to spread the word and [donate](#). Any amount makes a difference!

Love,
Maia and thierry
